required. At the discretion of the Chairperson the individual member may attend any such extraordinary committee meeting either in part or full.

1.19A PROCEDURES FOR DISMISSAL OF A MEMBER FROM A CLUB

The process described in this paragraph was written by the BMFA who recommended it be added to all club constitutions to prevent misunderstanding and to ensure that members are aware of their rights.

Further advice is available from the Chief Executive or Development Officer at BMFA Headquarters Chacksfield House, Leicester

BMFA also recommends that dismissal should only be used as a last resort and must be carried out fairly and with due regard to the law.

Unfortunately, when all else fails a club has to consider dismissing a member for conduct unbecoming their position as responsible club member. The process and deliberation of dismissal must give consideration to The Laws of Natural Justice, to ensure the member is dismissed lawfully as clubs, although private organisations still have to abide with law.

The BMFA has sought legal advice and recommends the following procedure is undertaken to lawfully dismiss a member:

- a. The member is to be given a verbal warning by an authorised committee member in which the member is made aware of his misdemeanour and what he is reasonably required to do to make amends.
- b. If the member does not respond, he is to be given a written warning by an authorised committee member to advise him of his misdemeanour and what he is reasonably required to do to make amends.
- c. If the member still fails to respond, the Committee should invite him in writing to meet with them at an agreed date and time to discuss the situation, advising they are considering withdrawal of his membership.
- d. If he still fails to respond to reasoning or fails to attend without reasonable cause, the Committee can advise him in writing that his membership is withdrawn, stating the reasons why this decision was reached. Reimbursement of his club subscription is at the Committee's discretion.
- e. When the member is advised of withdrawal of his membership, he must be given the right of appeal. If he opts to appeal, this would normally be to the Club membership at an EGM which the Committee would call on his behalf at a previously agreed date and time. The motion to uphold the membership withdrawal or reverse it must be in accordance with the voting procedures set out in the Club Constitution.

in the event of gross misconduct, elements "a" or "a" and "b" may be omitted but this should only be for exceptional circumstances. It is recommended that advice is sought from BMFA HQ in this instance.

Refusal of renewal of annual membership is tantamount to dismissal and should be dealt with by the procedure described in this section.

- 1.19.2 At the discretion of the committee any such issue may be referred to the Chairman of the committee who will be asked to act as the adjudicator. Any such decision made by the Chairman of the committee, will be full and final and binding on all members concerned.

1.20 Insurances / Disclaimer

The Club and its officers shall not be responsible for any loss or damage to any members' personal property or any third party injury. All claims will be deemed to be against the individual members' personal insurance or via the cover provided under any approved insurance policy. Each member is responsible for ensuring that the Secretary is immediately notified of any incident that may potentially lead to a claim under any such policy.

1.21 Winding-Up Procedure

In the event of the Club having to be wound up for what-ever reason the total assets of the Club after all debts & liabilities have been paid shall be donated to a charity. The charity/charities to benefit are to be decided upon at an Extraordinary General Meeting (EGM).

Section 2 - CHILD PROTECTION POLICY

- 2.1 NVA has adopted a child protection policy in order to provide guidance for the safety and protection of those most vulnerable within the club. The club accepts that this can only happen now with the full co-operation on the parents or guardians of junior club members. The club also accepts that society has changed and the measures adopted have become necessary. It is the club's policy to help junior members and parents (or guardians) adopt and implement the child protection policy.
